

ZEESHAN ALI

FULL STACK DEVELOPER

Kasur, Pakistan | +92 327 9430520 | zeeshanali3297624@gmail.com | github.com/zeeshanAli329 | [LinkedIn](#)

CAREER SUMMARY

Full Stack Developer experienced in building responsive, client-facing web applications with React.js, Next.js, Node.js, Express.js and MongoDB. Recently completed a Codecademy Professional Certification in Back-End Engineering, covering REST APIs, SQL/PostgreSQL, web security and application infrastructure & scalability. Delivered real client work including a study-abroad publishing platform and an e-commerce site with cart and admin functionality. Currently pursuing a BS in Information Technology and seeking Full Stack, Back-End or Junior Software Engineering roles.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), TypeScript, HTML5, CSS3

Frontend: React.js, Next.js, Vue.js, Responsive Web Design

Backend: Node.js, Express.js, REST APIs, MVC Architecture

Database: MongoDB, Mongoose, SQL, PostgreSQL, CRUD Operations

State & Security: Redux Toolkit, Context API, JWT Authentication, Web Security

Tools: Git, GitHub, Postman, VS Code, Vercel

Other: Data Structures & Algorithms, Reusable Components, Debugging, Performance Optimisation

PROFESSIONAL EXPERIENCE

Front-End Developer Intern — Kavelogics Technologies

Aug 2025 – Nov 2025

- Built responsive React.js interfaces with reusable components and integrated REST APIs for data-driven UI features.
- Managed app state with Redux Toolkit and debugged frontend/API issues to improve performance and usability.

Full Stack Developer — Client & Independent Projects

Current

- Building full-stack apps with React.js/Next.js frontends and Node.js, Express.js, MongoDB backends, including REST APIs, database models, CRUD and authentication workflows.

SELECTED PROJECTS

E-Commerce Web Application

React.js • Node.js • Express.js • MongoDB • JWT | github.com/zeeshanAli329

- Built a full-stack e-commerce platform with product listings, shopping cart and checkout flow.
- Developed an admin panel for managing products, orders and inventory, backed by REST APIs and MongoDB.

Studyabroad — Scholarship & Study Abroad Platform (Client Project)

Next.js • React • Responsive UI • SEO • Vercel

- Built and deployed a production client site for scholarships, visas and study destinations with conversion-focused UX.

WorkFotos — Real-World Web Application

Web Application • Media / Work Documentation • Responsive UI

- Built practical workflows for project-based media organisation, documentation and sharing with a responsive, user-friendly UI.

EDUCATION

Bachelor of Science in Information Technology

2023 – Present

University of Education, Lahore

CERTIFICATIONS
